

# Breaking into DFIR

Heather Mahalik  
Senior Director of Digital  
Intelligence

# Good Starting Points

- Get your mind right before you dive in
- Manage your expectations
- Training – where to start
- Certifications
- Internships

# Essential Skill Development

- Get a degree that will help you – think about your backup plan
- Read the literature out there
- Practice on your own devices/data
- Ask for help
- **NETWORK!!!**

# Key Takeaways

You promote yourself better than anyone else

The answer is always “No” if you don’t ask

Everyone has an excuse

It really isn’t too late or too early

Be smart and plan to stay smart
